

# Vision of Eagle Eye Paga Intercessors

The 24/7 Union Prayer Portal

Our purpose of the Eagle Eye PAGA Ministry is three fold.

First is to establish around-the-clock prayer covering each state in the United States of America, linking the prayer of God's people as one voice.

**"It is time to gather the intercessors."**

The Lord spoke this to me and showed me a picture of people already praying in their separate prayer groups but not connected to other members of the body of Christ in their States. Many of these groups were already praying for their own churches and towns. The Lord showed me that it would be quite easy to gather the already established intercessors into daily prayer slots (one night per month) to begin bringing the body into orchestrated, directed prayer state by state through a single website. In this manner the different streams of the Christian church would begin to flow together in continuous focused prayer. The Lord has used President Lincoln as an inspiration and model for me to follow for the past seven years. As President Lincoln began to join the troops in the Union, so the church must during this time of crisis within our country create a Real Union of Covenant Love as the Bride of Christ in prayer.

Our second purpose, is to connect businesses and communities through sponsorship of this work, blessing our brothers and sisters by providing support and opportunity for one another and the people of God. Businesses connecting together would then be aligned to receive God's business strategies from those who are operating and thriving. As in the time of Joseph, by vision and anointing, the Lord used him to save the nation of Israel. By his Godly gift in business, his honourable character and through his openness to receive revelation from God, the Israelites were not only saved from starvation but they prospered in the land of Goshen.

Thirdly, we will maintain this site as a storehouse of information and resources to help Christians establish Resource Centers in communities, to help in times of need. Some centers will be large organizations and others will be small residences connecting farms, small churches and suburban areas with needed survival and emergency supplies. The blessings of our Lord are yours.

Shalom,

Anne Munter, Ernest and Barbara Carkner.
